You are welcome to add me to the distribution list. We are still assessing workload and who the RCRA contact person will be.

Jan

Subject: New FMC Pocatello RCRA Contact?

Carla Fisher contacted me last Friday, 4/4 and advised that she was eligible for the early retirement package and was packing her stuff to begin a wonderful next chapter in her life. Jan – she gave me your contact info as her supervisor.

I'm preparing the March monthly report on the RCRA Pond UAO and wondering if there was someone I should add to the distribution list in Carla's stead as the site's RCRA contact?

Please advise.
